

## Advanced processing and testing equipment

No.	Name	Model	Purpose	Quantity	Status
1	Plasma automatic welding	BD 1-5-1	Welding	1	Good Run
2	Pipe plate automatic welding equipment	TD 10-2	Welding	2	Good run
3	Large floor-type lathe	LD 2.0-9	Welding	1	Good run
4	Electric Single Girder Bridge Crane	LD10-12.65	Lifting heavy objects	12	Good Run
5	Air plasma arc cutting machine	LGK8-63	Cutting	11	Good Run
6	Inverter Pulse Tig Welding Machine	WS-400-1GBT	Welding	38	Good run
7	Numerical Control Plate Rolling Machine	W12-2500	Cold Work Coil	2	Good run
8	Three-roller plate rolling machine	2500	Cold Work Coil	3	Good run
9	Cylinder automatic polishing machine	φ3000*4000	Polishing	6	Good run
10	Head automatic polishing machine	φ3000	Polishing	5	Good run
11	Semi-automatic polishing machine		Polishing	9	Good run
12	Sand blasting machine	/	Surface Finishing	2	Good run
13	Rocking arm machine	Z3040	Drilling	2	Good run
14	Visible Spectrophotometer	HY-721	Testing absorbance	2	Good run
15	Milling Machine	CA6140	Washing of plates	2	Good run
16	Drilling and Milling	X15528	Drilling	5	Good run
17	Metallographic specimen polishing machine	P-1	Polishing	2	Good run
18	Electronic balance	TY213	Weight measurement	1	Good run
19	Moisture Tester	DT-08-MG	Testing	1	Good run

20	Machine Tools	30	Inspection	4	Good run
21	Handheld infrared thermometer	BF-098	Inspection	3	Good run
22	Flaw Detection Machines	XK3.3C-XX H-2505C	Detecting	1	Good run
23	Flaw Detection Consumables and Auxiliary Equipment		Detection	1 set	Good run
24	Water jet blasting	TD-210A	Detection	1 set	Good run
25	Measuring Instruments		Welding	1 set	Good run
